Sir:

AMENDMENT

This Amendment is being filed in response to the Office Action that was mailed August 25, 2004. Kindly amend the above-identified application as follows:

In the Claims

1.-15. (canceled)

16. (new) A cosmetic product container, comprising a container body a top open product filling and delivery mouth and at least a covering element having an outer surface and an inner surface, said container body and covering element being made as a single piece of a first material, said container body and said covering element having between them and integral strip hinge thereby said covering element can be swingably brought from an open position in which said top mouth is accessible from outside and a closed position in which said top mouth is not accessible and is tightly closed, said covering element being provided with an annular gasket extending from said
